

# MOROCCO INTERNATIONAL MEETING

**10<sup>TH</sup>** EDITION | **16 & 17**  
NOVEMBER 2024  
CASABLANCA - ANFA RACECOURSE

# INTRODUCTION

## ABOUT THE RACES

**SOREC is honored to welcome you to the 10th edition of the Morocco International Meeting, which will take place on Saturday 16th November & Sunday 17th November 2024, at Casablanca – Anfa Racecourse. This major event will showcase both national and international horses, trainers and jockeys, aiming to enhance the international promotion of the Moroccan horse racing industry.**

We are delighted to invite international runners for this event, which has established itself over the years as a

must-attend occasion on the international horse racing scene. Your presence does not only contribute to the success of this prestigious meeting but also to the global recognition of Moroccan horse racing.

The weekend includes prestigious horse racing and Morocco's finest hospitality with many surprises awaiting you, promising a fantastic weekend.

We look forward to welcoming you to Casablanca and wish you an excellent Morocco International Meeting 2024.

  - Hotel – Training Centre
  - Hotel – Racecourse
  - Hotel – Gala Dinner

# SUBSIDIES AND INCENTIVES

# HEALTH

For the temporary admission of horses participating in the Morocco International Meeting, the transit formalities and the main documents to be prepared are:

## 1. HEALTH RECORD:

### HEALTH CERTIFICATE AND LABORATORY ANALYSIS:

All horses must have a veterinary health certificate validated by the official veterinary service, and originals of test reports from the laboratory.

For most European countries, with which we have sanitary agreements, there are two analysis that are requested :

- The test of Equine Infectious Anemia (Coggins test within 30 days of loading);
- The test of Equine Viral Arteritis at the intervals indicated ; within 21 days (Spain) or 28 days (France) of loading (Serum neutralisation test).

For horses regularly vaccinated against this disease, a second test within minimum 14 days is required.

- Dourine and Glanders : within 15 days of export, except horses from the EU , Switzerland or UK who have not left these territories (EU, Switzerland, UK) during the last six months prior to export.

An additional analysis for African Horse Sickness is required for horses coming from the UAE and Qatar:

- For Vaccinated horses , one single analysis 10 days before departure is required.
- For non-vaccinated horses, two analysis must be carried out on blood samples should be taken at intervals of 21 to 30 days, with the second sample taken within 10 days prior to boarding.

### VACCINATIONS:

Horses must be properly vaccinated against two diseases :

- Equine influenza
- Equine Viral Rhinopneumonitis

## 2. CUSTOMS FORMALITIES:

All horses and equipment must be recorded in an ATA carnet, available at chambers of commerce. The ATA Carnet is obligatory because it allows to dispense with taxes and the deposit of the import bond. The conveyance must be equipped with the «MA authorization» available at the transport department. If this conveyance is included in the ATA carnet, this authorization may not be requested. It is strongly recommended that copies of the documents be forwarded in advance to freight forwarders and / or the organization, to ensure validity and to provide control and transit in the best conditions. Facilities and assistance will be put in place at the border post in order to ensure a smooth transit.
